Hire Artist Touch Inc. when you need it done right the first time.

Artist Touch Inc. has provided long-lasting, top quality painting and carpentry services in the Chicagoland area since 1980. We take considerable pride in our ability to beautify and protect your property's appearance efficiently and affordably. While other painting and carpentry companies emphasize their rock-bottom prices, we've learned that "cheap" loses its appeal when the work needs to be re-done two years later. Be assured that our bid on your project will be competitive without sacrificing quality, meaning that from start to finish you can look forward to our meticulous attention to detail and our commitment to doing all we can to make sure that you're completely satisfied.

Time-honored approaches to customer service have been the backbone of our company for over three decades. We believe in them, are committed to them and hope that you'll give us the opportunity to see what we can do for you on your next project.

"Though faced with an almost impossible schedule to meet, (John Happel) and his staff were able to return a redecorated church to us in time for our Christmas services. He and his employees were given a rigid timetable to follow and keep, in addition to being encumbered by our staff that wanted use of the church at the same time that he was endeavoring to complete his contract...I have the utmost respect for this man and his company. The patience exhibited by he and his staff was exemplary...He and his staff exhibited none but the greatest restraint at the innumerable roadblocks thrown their way."

St. Petronille Catholic Church, Glen Ellyn, IL
